What was going to be a first run-through of the new Dictator's in New York, has turned into a fight to the death. In a single room, more than a dozen men are lying dead. The New York mafia is taking out one of their own in an attempt to stop him from talking. But they're trying to take out everyone. When the Mob learns that a judge is about to hand down his ruling on whether or not they have to extradite, they take matters into their own hands.
